## OHIO COUNTY'S TITLE IS CLEAR TO "AMERICAN"

### Pure Anglo-Saxon Stock Prevails; Only One Out of a Thousand Foreign Born.

Hartford, Ky., Oct. 21.—It is doubtful if Kent or Surrey or even the hills of Northern England are more definitely Anglo-Saxon than Ohio county in Western Kentucky.

The same general statement is true of scores of other Kentucky counties—both eastern and western. But Ohio is chosen as a marked illustration of Kentucky's purity of racial stock.

Ohio county occupies 584 square miles. In this large area only one resident in every thousand is foreign born. The total population is 26,473. The number of foreign born residents is exactly thirty.

In America, "the melting pot of all nations," this is truly an extraordinary condition. Where else, in a radius of 584 square miles, can you find a percentage of .001 foreign born of total population?

Quite as remarkable is the fact that Ohio contains only fifty-seven whites whose parents were not natives. There are 885 colored citizens. So that out of the total of 26,473 residents, 25,588 are native whites of native parentage, percentage of 96.5.

The vast majority of the last named are descendants of the hardy conquerors who originated on the shores of the North Sea and who have carried their influence to every part of the world.

In the every day life of Ohio county this condition of racial purity means a great deal. It promotes understanding and good fellowship. In business and social contacts these people know what to expect from each other.

Generations which have always known the same traditions, worshipped the same God, played the same games and sung the same songs feel a kinship and a closeness which cannot be developed in any other way.

Ohio is one of the heaviest coal-producing counties in Western Kentucky. It employs in this industry some 2,000 men. These men are drawn almost solely from the native population. Parenthetically, it may be said that the drafts of labor from farms to mines have created in many Western Kentucky counties a serious condition of farm labor shortage.

Of this labor, a coal operator recently said: "I believe that no industry in the country has a higher grade of worker than we have. The fine qualities of these men make them ideal workers. They are honest and they are intelligent. While under no circumstances can they be driven or oppressed, they always give the best they have in them."

Ohio County

Ohio county is 100 miles southwest of Louisville by railroad. Its county seat is the charming old town of Hartford. The main line of the Illinois Central traverses the county's southern end, while the L. & N. enters at the center of its western border and leaves the county in the northeastern part. There also are found lines of the Illinois Central and the Henderson Route. The county is drained by Green river, which forms a goodly portion of its southern and western borders, and by Rough river, which is locked and dammed from Hartford to its mouth.

By far the county's principal activities are agriculture and coal mining. Nearly a million bushels of corn is the normal yield and something like 10,000,000 pounds of tobacco. One thousand acres are devoted to sorghum. The county has two cream stations and sixty-four tractors. Much progress has recently been made in the cultivation of the soy bean and in the development of the poultry industry. The county has an assessed acreage of 363,550 and 1,084 miles of public roads. The construction of drainage ditches has reclaimed thousands of acres of the county's best land. Some oil has been found in the county and 60,000 barrels have been shipped away, but the industry yet has not reached large proportions. Compared with surrounding counties and with some which are considered educational

centers. Ohio has the low illiteracy percentage of 6.8.

### Representative Citizens

It has not been possible to compile a complete list of Ohio's representative citizens, but the following names comprise some of the leaders in their respective lines of endeavor: T. H. Black; S. O. Keown, Joseph Hocker, James Cecil, Leslie Combs, B. W. Hial, Lon Smith, M. V. Johnson, Homer Lindley, Elvis Henry, S. P. Taylor are among the best farmers and most worthy citizens in the Hartford section.

At Goshen, W. H. Rhoads and James Caldwell may be mentioned. At Beaver Dam, James D. Taylor, Pres. Barnard, Elijah Renter, J. Mason Taylor and George Barnes. At Dundee, J. E. Mitchell, Sam Davison, Anderson Davison, Will Renter, Tice Baker, Marvin Baker, Vivian Ferguson, R. A. Duke, Joe Malden. At Aetnaville, Mack Taylor and T. Burdette. At Paradise, Henry Stom and W. D. Coleman.

At Centertown, Nat Lindley, A. B. Tichenor, James Nall and Wat Taylor. At Hefflin, T. F. Tanner, A. V. Tanner, A. Y. Rowan, Rufus Williams, Arlyn Tichenor, Will Hudson, George Barr, A. T. Bell, G. C. Rowan and Rowan Cox.

Some of the outstanding and most efficient bankers are Rowan Holbrook and J. C. Riley at Hartford, J. D. Cooper at Fordsville, John H. Barnes at Beaver Dam and Alvin Rowe at Centertown.

McDowell A. Fogle and L. G. Barrett are the able editors of the Hartford Herald. W. S. Tinsley is the mainspring of the Hartford Republican.

In Dr. J. R. Pirle Ohio has one of the best dentists in the State, formerly president of the State dental fraternity.

Drs. J. W. Taylor, E. B. Pendleton, A. H. Riley, L. B. Bean and H. H. Pendleton are Hartford's physicians. Its oldest and most prominent lawyers are J. S. Glenn, M. L. Heavrin, W. H. Barnes, C. E. Smith, A. D. Kirk and John B. Wilson. R. R. Wedding is county judge and Otto C. Martin is county attorney.

Some of Hartford's good merchants are W. M. Fair, J. H. D. Carson, A. C. Acton and W. E. Ellis. Hartford is very proud of its preachers—the Rev. T. T. Frazier and the Rev. Russell Walker.

The Rev. W. S. Buckner and the Rev. C. C. Daves are Beaver Dam's spiritual advisers.

W. C. Plankenship, John S. Ford, Oscar Bishop and Alney Tichenor are among the State's best and most popular coal men.

Some of Ohio's leading educators are O. L. Shultz, W. P. Rhoads and Miss Mary Marks, of Hartford; E. E. Allison, of Beaver Dam; J. E. Mitchell, of Centertown; J. C. Lawrence, of Centertown, and Roy H. Foreman, of Rockport.

Other prominent Ohio attorneys are John Rone and J. P. Sandefur. H. T. Holbrook is much interested in the development of Ohio county oil. —Louisville Post Oct. 21.

## LLOYD GEORGE, LAST OF "BIG FOUR" REGIME

London, Oct. 19.—The government of Premier Lloyd George resigned this afternoon. It was officially announced this evening.

After a brief audience with King George this afternoon, Mr. Lloyd George returned to Downing street, where he received a miners' delegation, but according to Frank Hodges, who headed the delegation, Mr. Lloyd George said he could not consult them as prime minister since he had resigned.

Members of the miners' delegation said Mr. Lloyd George had told them the king had accepted his resignation.

### WHITEHOUSE—WILLIAMS

Miss Louise Whitehouse and Mr. Rufus Williams were united in matrimony at Owensboro, Saturday, County Judge Roy L. McFarland officiating. The bride is the daughter of Mr. and Mrs. Ed Whitehouse, of Livermore, Route 1, and is a popular and estimable lady. The groom has won marked success as farmer and merchant. He is now engaged in the latter business at Hefflin, and is one of the county's most upright citizens.

We join the host of friends of Mr. and Mrs. Williams in wishing them the utmost wedded happiness.

## LEGION RESOLVES SAWYER SHOULD BE DISCREDITED

### Heated Debate Precedes Adoption of Resolution By Convention.

Convention Hall, New Orleans, Oct. 19.—General John J. Pershing, commander in chief of the American Expeditionary Forces, today acknowledged the tribute of the forces he led in France when he appeared as the day's chief speaker at the fourth day of the national convention of the American Legion.

Removal of Brig. General Charles E. Sawyer, President Harding's personal physician, charged with blocking the American Legion hospitalization program, was demanded by the legion national convention here today by a vote of 601 to 375.

Fourteen delegates to the convention from Kentucky voted for the removal of General Sawyer.

The resolution was presented by Department Commander Barren, of Minnesota, for "utter unfitness." The attack was inspired by the report of Rice Means, of Colorado, of the national rehabilitation committee which accepted "the pledge of co-operation" given by General Sawyer. Declaring that "an armistice has been signed and that it's time to stop fighting," Adolphus Graupner, of California, spoke against Mr. Barren's resolution.

A demand from the floor that a statement be made as to whether General Sawyer had signed an agreement in writing, was answered by Colonel A. A. Sprague, of Chicago, chairman of the rehabilitation committee, who said the committee had taken General Sawyer "on his word."

Col. Sprague, asked for a vote against Barren's resolution.

"It will not be a blow at Sawyer," he said. "You can't dislodge Sawyer. It will only be a blow at your rehabilitation committee."

Adjutant Stafford King, of the Minnesota department, said:

"Not a damn cent has been spent in Minnesota. Although statement after statement has been made that no money has been allocated. As for me, I am the only man to voice antagonism to General Sawyer, I'll voice it."

"I can tell you of buddies dying on the steps of hospitals in Minnesota waiting to get in," Adjutant King continued. "I hope, I pray this amendment may be adopted."

Department commander W. B. Miller of the district of Columbia said he had seen General Sawyer before he left Washington. "Honest to God," he said Sawyer told him, "I'm with you. The statement in the papers was my statement. I'll go all the way."

T. J. Brady, of New York reached the platform. "If Sawyer shows his face in this hall, smash him. He's been pussyfooting two years."

Department Commander Gilbert R. Bettman, of Ohio, spoke against personal attacks. "It would be futile," he said, "if the Legion demands that Harding remove Sawyer. If Harding does not remove him, where are we?"

Grows from all parts of the vast hall stopped Bettman from proceeding. He attempted to repeat the statement and was howled down. His last statement, smothered by cries, was "If Harding refuses, what have we but a slap in the face of the American Legion?"

An answer from the floor was, "how many times has he delivered the slap in the face already?"

Mrs. Elizabeth Taylor returned Sunday from Louisville where she had been the guest of her son, Mr. H. B. Taylor, and daughter, Mrs. H. F. Zimmerman, for several weeks. She was accompanied home by her grandson, Mr. Buick Zimmerman, who returned to the city Monday.

### TOBACCO GROWERS, ATTENTION!

Every district in Western Kentucky has gone over the top in the Dark Tobacco Growers' Co-operative Marketing Association drive, the dark district showing the highest percentage. You will have no further opportunity to sign the pledge after next Saturday, therefore, if you desire to join your neighbors in the greatest move toward prosperity ever attempted by farmers, sign and mail your pledge at once. It must be received here by midnight Saturday, Oct. 28th.

T. H. BLACK, Chmn.

## BIG FEDERAL ROAD- BUILDING PROGRAM AHEAD

### 180,000 Miles of Improved Highways to Be Constructed As Part of National System.

Fifteen to twenty years of building good roads lie ahead of the United States. Under the program which the country has adopted there will be built, during that time, 180,000 miles of improved highways which will constitute the Federal-aid highway system and an equal or greater mileage of State and local roads. When the great job is done, the transportation facilities of the country will far exceed those of any other nation, past or present, in the world. The highways of the ancient Romans, whose fame has come down through the centuries, will pale by comparison.

Details of this vast road-building program are to be placed before the Highway Education Board at its conference in Washington October 26 to 28, inclusive, by State Highway Engineers and officials of the Bureau of Public Roads, United States Department of Agriculture, to whom has been entrusted the work of planning and supervising the construction of Federal-aid highways. The plan will be presented to enable the Board to present authoritatively with its work of devising aids for schools and colleges to which road-builders of the country are turning for competent and way engineers.

Officials of the bureau place the aggregate cost of the Federal-aid program alone at about \$2,000,000,000, spread over the twenty-year period. They base this estimate on an average cost of \$17,000 per mile. The average cost, in turn, takes into consideration all classes of improved roadways from the cheapest to the most expensive types. Approximately one-third of the proposed system, or 60,000 miles of improved highways, already are either built or building. The program is a new one. Up to comparatively recent years, road-building in the United States had been conducted without special regard to a national system. Highways had been constructed where needed without considering whether they would link up in the most effective manner with the whole network of roads to be spread over the Nation. Engineers had sought more to meet immediate and local demands than the broader requirements of the States and nation.

The present Federal-aid road-building program, officials of the bureau state, will contemplate the construction of only such roads as fit into the national program and contribute to the national system. At the same time the roads will be so selected as to serve the most important local requirements. With marked modifications, the system adopted in building the railways of the country will be borne in mind in the construction of the country's new highways. There will be main lines of highway communication between centers and thousands of miles of feeder roads, reaching back into the more sparsely settled regions and into the rich agricultural sections, to tap areas whose population and products will flow over the new system.

New roads will be planned and built—thousands of miles of them—where they will fit in most advantageously with the entire program. The bureau is continuing its research work into most efficient methods of road-building, including the character and wearing power of materials, resisting qualities of varying subsoils, etc., and has amassed a considerable store of valuable information all of which will be available for the highway engineer of to-morrow, whom the board is seeking to have educated in practical and modern methods.

## YOUR LAST OPPORTUNITY TO SIGN THE PLEDGE

Because of the fact that some of the counties of Western Kentucky and Tennessee had not been properly organized, the time for signing pledges has been extended to midnight, Oct. 28th. This will be absolutely the last day you will have the opportunity of signing.

As there are a few sections of Ohio county which were not properly worked and there are many who desire to sign, these may do so by signing pledges and sending to me within the extended time.

There is no doubt about the success of the pool, but you should sign and help make the organization 100 per cent perfect as well as show the world you are not a slacker.

T. H. BLACK, Chmn.

Hartford, Ky.

## FINE IS CUT FOR SLEEPING TO SICK

Because Dr. H. J. Bell, 46 years old, 2911 5th Avenue, was hurrying to the bedside of his unconscious son when he was arrested for speeding September 30, Judge Emerson Dalley was lenient with him in Police Court today, fining him but \$15 instead of his usual rate of \$2 a mile. A charge of assault and battery was dismissed.

Patrolmen Currie and Burkhardt testified Dr. Bell was driving on Broadway between Shelby and 5th streets at thirty miles an hour.

Frank Heeb, who testified he was crossing the street when he was struck, said he had not seen, and was not injured.

Dr. Bell's child had been in the hospital twenty-six hours, suffering from typhoid fever and he was hurrying home. He said Mr. Heeb walked out into the street and he applied the brakes in an effort to avoid striking him, but the car skidded eight feet. —Louisville Times.

### TAYLOR—LEACH

Miss Bettye Mary Taylor, of Crumwell, and Mr. Ray Leach, of Beaver Dam, were married Saturday night, October 14, by Rev. Sherman Hays, performing the ceremony.

The bride is a daughter of Mr. and Mrs. Warren Taylor, and is a most estimable and popular young lady. The groom is a son of Mr. and Mrs. J. N. Leach, and is a successful young farmer.

We join their many other friends in wishing for them a long, prosperous and happy life together.

### STINNETT—BENNETT

Miss Helen Stinnett, of Buford, and Mr. J. L. Bennett, of Livia, were married in Livermore Sunday. The Rev. E. S. Moore performed the ceremony.

The bride is a daughter of Mr. and Mrs. W. L. Stinnett, while the groom is a son of Mr. and Mrs. J. C. Bennett. Both of the contracting parties are popular young people.

### WHITTEN—ANTHONY

Miss Ollie Whitten and Mr. Delbert Anthony, popular young people of Fordsville, came to Hartford Tuesday, procured a marriage license and were joined in wedlock at the Methodist parsonage, the Rev. T. T. Frazier, pastor, officiating.

The bride is the daughter of Mr. and Mrs. W. Whitten, while the groom is the son of Mr. and Mrs. Reece Anthony.

### LITCHFIELD—MORRIS

Miss Allie Reed Litchfield, of Princeton, Ky., and Mr. O. M. Morris, of Water Valley, Ky., a student at Bowling Green, were married Tuesday afternoon by the Rev. James A. Chandler, pastor of the State Street Methodist church. The bride is a daughter of the Rev. A. B. Litchfield, pastor of the Methodist church at Princeton. —Louisville Herald.

Mr. S. T. Barnett, city, who recently spent ten days at Dawson Springs, returned to that place Monday. Mrs. Barnett accompanied him as far as St. Charles, where she will spend several days with her brother, T. W. Barnett, who is quite ill.

## U. S. FACES NEW TANGLE AS LLOYD GEORGE FALLS

### New British Government Is Bound to Change Policy On Debts, Capital Thinks.

Washington, Oct. 19.—New indications for the American Government in dealing with the world economic situation were generally believed to be entailed by the fall of the Lloyd George Cabinet, according to unofficial opinion here today. This phase of Mr. Lloyd George's political passing overshadowed all other discussions. The news came as a shock, for it had been expected that the resolute and well-known, as in the past, would weather the storm.

Although official received generally the announcement that the Cabinet had resigned, but without comment and no official statement was added to the general feeling that the British collapse would lay an adjustment of the economic situation along the lines demanded by the United States.

Short Term Seen For Successor

If Andrew Bonar Law is successful in forming a new Government, according to expert opinion here, his Cabinet may be short-lived, and British policy on economic matters will remain unsettled until that or some other regime achieves stability.

One immediate effect of the Lloyd George collapse is the probability that Sir Robert Horne, who has been Chancellor of the Exchequer, will not head the British mission expected to come to this country to negotiate the funding of the \$5,000,000,000 war debt to the United States. But the British political reverses are not expected to change the intention of Great Britain to find its debt within the limitations prescribed by Congress or to delay the negotiations.

What is regarded as vastly greater importance to the United States is the future attitude Great Britain may take regarding the debt due to the two countries of other nations as the debt after the whole economic and political structure, which no doubt is felt that Great Britain will meet her obligations, the question at present is how long they will be delayed in view of the present American policy to insist upon full payment from all the nations with no participation in the adjustment of the general situation.

Concerned Action Expected

A concerned policy on the part of the two nations toward their debtors had been the hope of some statesmen in looking forward to the balancing of budgets, the curbing down of large armies and other conditions on which this Government is now basing its attitude of aloofness. Now, with Lloyd George out of the picture, and with no one attempting to appraise the ultimate effect of his defeat, the whole question is in the air.

That the situation is made more difficult for the Harding Administration, already embarrassed to a great extent by the attitude of Congress toward foreign "entanglements," is declared to be obvious. It is asserted that the Administration cannot long defer efforts to hold in a European revival in the face of an expected general demand for an opening up of foreign markets. It is pointed out that the clamor of American farmers for lower freight rates to seaports is already a sign of a general cry for an outlet for surplus products.

The debt question is held to be the beginning of any attempt at an economic solution. It is said that it cannot be extricated from the matter of reparations or be divorced entirely from political issues and that therefore it must be treated with before the demand for less armament and more fiscal reform can be answered with results. Great Britain's sudden political lurch leaves a gap in the already tortuous outlook. —Urbell, in the Courier-Journal.

High quality usually means high price—Cole's Down Draft Ranges give you high quality at moderate prices.

The Hartford Herald, \$1.50 the year

## FARM EXTRACTS

INFORMATION FROM THE EXPERIMENT STATION—AGRICULTURAL PAPERS AND THE COUNTY AGENT'S OFFICE

## Best Method For Curing Meat Will Be Explained

Best methods for the home curing of meats will be explained to farmers in many Kentucky counties during the coming winter by means of meetings and demonstrations to be held by the extension division of the College of Agriculture, according to an announcement by Grady Sellards, swine specialist of the college, who will have charge of the work. The meetings, which already have been started and which will continue until the first of February of next year, will be confined to the eastern and western parts of the state. Curing by use of salt and sorghum molasses, which is one of the oldest and most successful methods known, will be advocated through the meetings. At the present time, almost two-thirds of the farmers in the state cure their meat by the use of salt alone.

The method which will be advocated already has been tested out and found successful by a number of farmers. Twenty farmers in Lawrence, Boyd and Floyd counties last year cured their meat by the sorghum molasses method while more than 40 farmers in Marshall county found the same method highly successful when they tried it out last year.

Some of the points which Mr. Sellards will stress in the meetings are: 1.—Be sure that the carcass is thoroughly cooled out as animal heat promotes rapid spoiling. 2.—Trim hams, shoulders and bacon neatly. Fat edges do not make a good cured product. They should be rendered into lard or made into sausage. 3.—Put a heavy layer of salt on each layer of meat, or bury the meat in salt as it is being packed in a large churn or oak barrel. 4.—Two days for each pound are required for a single place to cure. That is, a 10-pound ham should cure 20 days. A curing day is any one in which the temperature is above freezing. 5.—After the meat is removed from the salt, brush off the crusty layer, wash in lukewarm water, hang up and let drip for 12 hours. 6.—Smoke with hard wood, hickory preferred, for about six days or until the meat is an amber color. 7.—Apply warm sorghum molasses to meat until all pores are filled. 8.—Let hang several days before making second application of molasses. 9.—Wrap with heavy paper, then with muslin cloth. Make insect proof. 10.—Hang in dark, dry place with hook joints of hams down.

## 28 Porkers Gain 1,030 Pounds in 30-Day Trial

Market hogs can be fed for as short a time as a month and still make money for their owners, according to results obtained by W. F. Wilson, a Pulaski county farmer living near Nancy, who has just completed a hog feeding demonstration which he carried out in cooperation with County Agent W. C. Wilson and swine specialists of the College of Agriculture. Despite the fact that they were fed for only 30 days, the 28 purebred Hampshire hogs used in the demonstration made a profit of \$29.25. This return of more than a dollar an animal is said to be exceptionally good in view of the short feeding period.

During the 30-day feeding period, the 28 hogs made a total gain of 1,030 pounds, or 36.8 pounds each, which was an average daily gain of 1.22 pounds for each animal. They weighed 96.2 pounds each at the beginning of the demonstration and 133 pounds each at the end of the 30 days. Seven and one-half hours of labor valued at 15 cents an hour were required to take care of the animals during the feeding period. They were sold for \$242.55.

In getting the 1,030 pounds of gain on his hogs, Mr. Wilson fed 63 bushels of corn, 75 pounds of tankage and 1,500 pounds of skim milk. The pigs also had the run of a good road and sweet clover pasture. A total of 415.5 pounds of corn, or 21 bushels; 145.5 pounds of skim milk or 17 gallons, and 7.2 pounds of tankage were used. These feeds cost \$5.14 when corn was valued at 75 cents a bushel, skim milk at 32 cents a 100 pounds and tankage at \$1 a hundred pounds. The corn was fed in a self feeder but the tankage and skim milk were hand fed, the farmer being allowed only twice a week. The total cost for each 100 pounds of gain was \$6.20. In view of the fact that his pigs had the run of a good pasture, Mr. Wilson probably would have obtained cheaper gains by feeding either the skim milk or tankage alone to balance the corn feed.

## Grain Fed Cattle Paying Farmer More Than Feeders

Grain fed cattle at the present time are selling at prices well above those being paid for feeder steers, according to Wayland Rhoads, beef cattle specialist of the College of Agriculture. This is a good guide for cattle men and indicates that it may be more profitable to feed steers out or shocked corn for about a month or six weeks longer while they are still on grass instead of letting them gain what they can on grass alone and then selling them as feeders. On the other hand, the farmer who is going to keep his steers and sell them as fat cattle this winter must be on guard as soon as the first freezes come and pastures get short to prevent costly shrinkage in his cattle. Feeding should start as soon as possible after the first heavy freezes of the year.

A ration for a feeding period of from 100 to 140 days that has given good gains in many feed lots of the state as well as on the college farm is made of cottonseed meal, broken ear corn, silage and all the hay or straw that the steers will clean up. A daily feed of this ration for each 1,000 pounds of live weight should average about three pounds of the cottonseed meal, 45 pounds of the silage and 10 pounds of corn. However, the amount fed at the beginning of the feeding period is less than this and is gradually increased until the animals are getting even more than this amount near the end of the period. In a long feeding period of more than 100 days, the corn is left out of the ration for the first 60 days.

A good ration for farmers to feed who have no silage and who wish to feed for a shorter period is made of cottonseed meal, clover hay, broken ear corn and fodder or straw. A daily feed of this ration for each 1,000 pounds of live weight should average about two pounds of cottonseed meal, six pounds of clover hay and 12 pounds of corn with all the fodder or straw that the steers can clean up. These amounts are reached by gradually increasing the feed. If a full feed of clover hay is fed with corn, good gains will be made without the cottonseed meal. Cheap gains can be made by feeding cottonseed meal at the average rate of about three pounds a day for each 1,000 pounds of live steer and allowing a full feed of shock corn.

## Payette Boy Starts Uncle in Purebred Hog Business

A good example of how junior agricultural club work gets adult farmers, as well as country boys, interested in purebred livestock and better methods of doing things on the farm is to be found in the experiences of Clifton Ware, an 11-year-old Fayette county boy, who is one of the charter members of a pig club organized in the spring of 1921 by County Agent W. R. Gabbert and the extension division of the College of Agriculture. The pig bought for \$24 from Tom Powers, Crittenden, by Clifton at the time he became a member of the club already has returned him \$70 and in addition he has the original gilt, four boars and one sow. His uncle, Lester Darnaby, with whom he lives, who is now an enthusiastic and successful purebred hog raiser says, "If it hadn't been for Clifton, I never would have thought of being a Poland China Breeder."

The business of raising purebred pigs began in earnest for young Ware this last spring when his pig farrowed nine little ones. Three of the gilts from the litter were sold to other club members for \$15 each while one of the boars was sold for \$25 to head a Poland China herd near Jackson, Ga. With the mother sow and four boars and one gilt from her first litter remaining, Clifton added another gilt costing \$18 to his herd and at the present time has the foundation for a good start in the purebred hog business. That he already is meeting with success in his work is shown by the fact that he has won cash prizes on his pigs for the last two seasons at the Bluegrass Fair.

Clifton's uncle, Mr. Darnaby, became so interested in the work of his nephew that he decided to enter the Poland China business. Soon after Clifton made his start, Mr. Darnaby purchased five pigs and at the present time has a herd of 51 boars after selling eleven. His experiences so far with purebreds have made him enthusiastic about the way they respond to good feed and care by putting on weight. Practically all the hogs in his herd carry

the blood of prominent Poland China sires and dams.

## Farm And Home News From Over Kentucky

Curtis Montgomery, B. D. Parker, Guy Hulett and A. L. Gex, Carroll County farmers, are carrying on demonstrations with County Agent G. C. Routt and the extension division of the College of Agriculture at Lexington to show farmers in that part of the state the value of limestone and acid phosphate for boosting wheat yields.

Nelson county farmers are paying more attention to better houses for their poultry. County Agent C. L. Hill says. Three new houses have been built recently and plans made for several others.

More than 200 Jefferson county farmers and their wives have been taught the method of separating the laying and layer hens in their flocks this fall by means of 18 poultry culling demonstrations put on by County Agent F. E. Merriman.

The work of wiping out tuberculosis in McLean county cattle herds is going on with steady progress. County Agent Robert H. Ford says. Three hundred cows recently were tested in two weeks and seven reactors found.

More than 30 Union county poultry flocks already have been entered in the winter egg laying project which will be carried on over the state this coming winter by the extension division of the College of Agriculture. County Agent L. C. Brewer says. The project will be designed to show farmers how they can get more eggs from their hens by feeding them the right feeds and giving them good care.

## UNSHAKEN TESTIMONY

Time is the test of truth. And Doan's Kidney Pills have stood the test in Hartford. No Hartford resident who suffers backache, or annoying urinary ills can remain unconvinced by this twice-told testimony.

R. H. Gillespie, blacksmith, Union St., says: "As my trade caused me to do hard work and bending I suffered severely from backache. Some times it felt as though my back were stabbed with a knife. My kidneys acted too freely and at times the secretions were scanty in passage. They were also scalding and bluish colored. A member of the family told me of Doan's Kidney Pills and I bought a box at Williams' Drug Store. I have used several boxes of this remedy at different times and have had the best of results. I am glad to recommend Doan's. (Statement given November 16, 1916.)"

On January 25, 1921 Mr. Gillespie said: "Doan's Kidney Pills always promptly cure me of attacks of kidney trouble. I keep them in the house all the time in case of need."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Gillespie had. Foster-McMillan Co., Mfrs., Buffalo, N. Y.

## JUDGE CALDWELL UP HOLDS VACCINATION LAWS

Louisville, Ky., Oct. 9.—To do away with vaccination and with laws making it compulsory where persons do not submit to it voluntarily would be to retrogress three centuries to the time when everybody had smallpox. Judge A. M. Caldwell of the Campbell County Circuit Court declared in a decision Friday in which he reaffirmed the right of the State Board of Health to require that all school children be vaccinated.

This decision was handed at Newport in a case in which an organization named the Medical Liberty League sought an injunction against the State Board of Health to prevent enforcement of its rule that all school children and teachers must be vaccinated. Judge Campbell refused to grant the injunction, mentioning decisions of the State Appellate Court holding that rules of the State Board of Health have the same weight as statute law.

Former Senator W. T. Peckham represented the State Board of Health in the action; County Attorney C. G. Maiz, Campbell County, and former Senator W. B. Spence, the City of Newport.

The production of crude petroleum in the United States in 1906 was 126,493,936 barrels. The country's oil refiners of today could handle that quantity in about 60 days.

The Hartford Herald, \$1.50 the year

## EACH DISTRICT IS SEPARATE UNIT IN TOBACCO POOL

## Green River Counties Have Already Gone Over Top and Organization Assured.

Owensboro, Oct. 2.—Because of some misunderstanding on the part of the farmers in this, the Green River tobacco district, as to the requirements before the organization of the pool to handle the Green River crop County Chairman Hayercraft was asked for more detailed information than has previously been published.

He pointed out that the dark tobacco is in four district types and that each of these types is to be regarded as a unit. They are Dark Fired, One Sucker, Green River and Stemming. If necessary two-thirds acreage of any one type is not secured, that failure will in no wise prevent the perfecting of the organization for the other types.

Mr. Hayercraft stated yesterday that the necessary acreage to insure the organization of the pool in the Green River district has already been secured and that the organization would be perfected immediately except for the fact that in the entire organization the other districts have not completed the minimum quota and that until it is definitely learned what success will attend the efforts in the other three districts, it can not be definitely determined to what representation the Green River district will be entitled in the governing board of twenty-five directors.

Should any one of the districts fail to secure the acreage necessary for it to become a part of the pool, that failure will result in each of the other three districts having an increased membership on the board of directors.

It is stated that the minimum in the Green district has been passed and that both the Dark Fired and One Sucker people are nearing their goal and that only the Stemming district is really lagging behind. It is regarded as almost certain that three of the districts will qualify within the time set and it is very possible that all four will do so.

## Henderson Over Top?

Henderson, Ky., Oct. 18.—Merchants of Henderson closed their stores today, and business and professional men of the city joined in a campaign in the interest of the Dark Tobacco Growers' Cooperative association. Tonight, it was reported that 1,158 acres were known to have been pledged, with a possibility of additional acreage being reported Thursday. It was believed that the acreage secured today was sufficient to put Henderson county over the top in one campaign.

## REMARK ABOUT GIRL COSTS DOLLAR A WORD

New York, Oct. 18.—Morris Levertz was fined \$1 a word by a Magistrate today for a five-word remark he was charged with having made in reference to Miss Gladys Edwards when a strong wind was blowing in Central Park.

About 123,000 tank cars are used in the transportation of oil in this country. Of these about 8,000 are railroad property, the remainder being owned by those engaged in the oil industry.

## NEW ELECTRIC BLUE PRINTING MACHINE

This process automatically printing, washing and drying by one continuous operation is known as the most efficient and economical method. The prints are more thoroughly washed and more evenly dried than by any hand process. The G. G. FETTER CO. who have just added this new equipment to their large printing and office supply establishment at 410-414 W. Main St. in Louisville say the output is approximately 100 linear yards per hour, or four to six feet per minute. Because of the enormous production now possible this firm has been able to reduce the price to 2c per square foot. Engineers, Contractors and others having blue printing should write Fetter for Quick Service, as their specialty is Mail Orders.

## FORMER OHIO COUNTIAN SUCCESSFUL MINISTER

Minonk, Ill., Oct. 3, 1922.  
Editor Hartford Herald,  
Hartford, Ky.

Dear Sir:—Please change the address of my paper from Kinderhook, Illinois to Minonk Illinois.

I am enclosing a clipping from the Illinois Baptist Bulletin which I thought might be of interest to some of your readers since I am an Ohio County boy. I taught school in the county for seven years. I still cherish the memory of my Ohio County friends.

Minonk is a town of a population of close to twenty-five hundred and is located in the rich prairies of central Illinois. The First Baptist Church of which I happen to have the privilege of serving is recognized as one of the strong churches of the state.

Sincerely,  
L. C. TAYLOR.

The clipping mentioned by Rev. Taylor follows:

Minonk has settled Rev. L. C. Taylor of Kinderhook. He will take up the work the middle of September. Mr. Taylor has had a very successful pastorate at Kinderhook and goes to this important church with every indication of the leading of the Lord and his assured blessing.

We are glad that good men like Taylor remain in the state.—Illinois Baptist Bulletin.

The many friends here at home of this former Ohio County boy will be indeed glad to hear of his success in his new field of endeavor.

## \$6,000,000,000 ROAD PROGRAMME PLANNED

Washington, Oct. 13.—A road-building programme that will require an outlay of \$6,000,000,000 and put in shape 180,000 miles of highways, or sixty times the distance across the continent, is contemplated.

The highway education board has been advised by the Bureau of Public Roads that the Federal Aid programme will extend over a period of fifteen to twenty years. One-half of the total outlay is to be in the form of Federal appropriations and the other one-half is to be supplied by the States.

DIRECTOR**

**OFFICIAL  
CIRCUIT COURT**

Convenes first Monday in March,  
May and July; third Monday in  
September and fourth Monday in  
November.

Each term continues 12 judicial  
days.  
Judge—George S. Wilson, Owen-  
sboro.

Com'ly, Attorney—Glover H. Cary,  
Calhoun.

Clerk—Frank Black.

Master Commissioner—B. H. Ellis.

Trustee Jury Fund—L. B. Tichenor.

**COUNTY COURT**

Convenes first Monday in each  
month:

Judge—R. R. Wedding.

County Atty.—Otto C. Martin.

Clerk—Guy Ranney.

Sheriff—G. A. Ralph; Deputies:  
Mack Cook, Iris Renter, George  
P. Jones.

Jailer—Nathan Hudson.

**QUARTERLY COURT**

Judge—R. R. Wedding.

Convenes first Monday in each  
month.

**FISCAL COURT**

Convenes Tuesday after first Mon-  
day in January; first Tuesday in  
April and October, the County  
Judge presiding.

1st. District—J. P. McCoy, Hart-  
ford.

2nd. District—W. C. Knott, Center-  
town.

3rd. District—Q. B. Brown, Stim-  
mons.

4th. District—J. R. Murphy, Fords-  
ville.

**RADIO**

### THREE SOURCES OF PLATE POTENTIAL

Use of Step-Up Transformer and  
Rectifying Tubes Recom-  
mended for Amateurs.

The greatest drawback in the use  
of vacuum tubes for radio transmit-  
ters is a suitable source of direct cur-  
rent potential for the plate circuits.  
In general there are three sources,  
batteries, a motor-generator set, and  
rectified alternating current. The al-  
ternating house lighting current can  
be stepped up to the required poten-  
tial by means of a transformer and  
then rectified by an electrolytic rec-  
tifier, by the use of vacuum tubes  
manufactured for this purpose.

The use of batteries as a source of  
plate current potential is limited to  
very low power sets that are used  
infrequently, and then only for short  
intervals. Sufficient capacity in the  
form of "B" batteries would mean  
not only a relatively high first cost  
but also an extremely high mainte-  
nance cost. A motor-generator set,  
while high in first cost, will leave an  
extremely low maintenance cost and

can purchase the parts to make this  
set as follows:

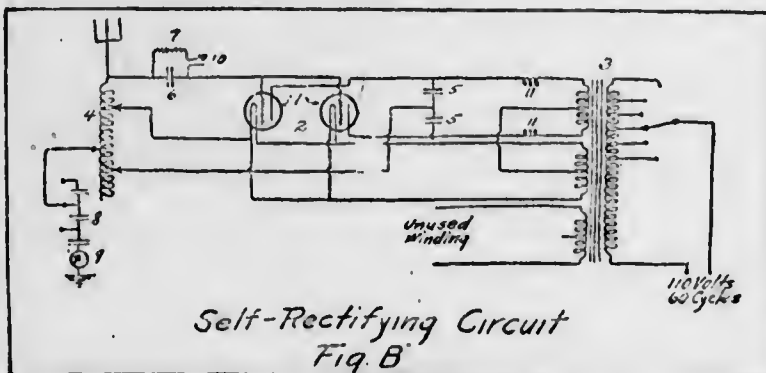

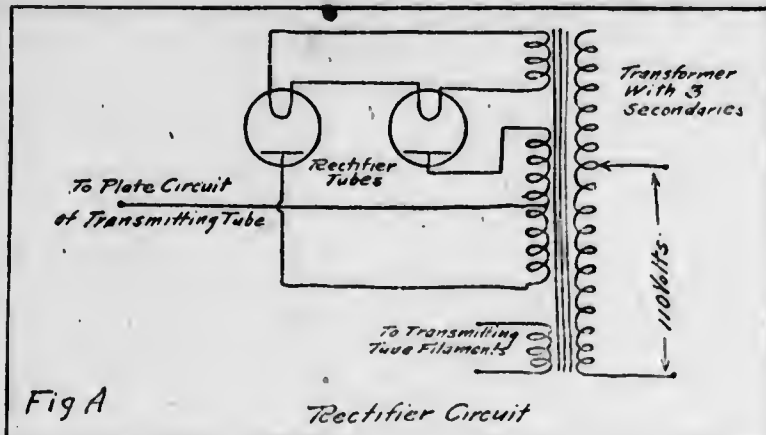

1. Two five-watt transmitting tubes  
UV, 202, \$16.
2. Two-tube sockets UR 542, \$2.
3. Power transformer UP 1368, \$25.
4. By-pass condensers UC 1014, \$1.
5. Grid condensers UC 1014, \$2.
6. Grid Leak UP 1719, \$1.10.
7. Antenna series condenser UC  
1015, \$5.40.
8. Antenna ammeter UM 530, \$6.
9. Transmitting key UQ 809, \$3.
- 100 radio frequency.

The only parts the builder will  
have to make himself are the two ra-  
dio frequency choke coils. The choke  
coils consist of 90 turns of No. 30 B &  
S cotton or silk-covered wire wound on  
a cardboard tube 2 1/4 inches in diam-  
eter, the length of the winding on such  
coil being about two inches.

### ALERT RADIO-DEALER LEARNS

Not Only Stocks His Shelves With  
Goods, but Takes Lessons  
In the Art.

Besides stocking his shelves, the  
progressive merchant in radio is also  
employing some of the summer in re-  
plenishing his mental supplies of radio  
information. The taking of courses in  
the art, either by mail, or through the  
very convenient form of carefully pre-  
pared lessons in a magazine, or from a  
competent instructor, is highly desir-  
able, says Radio Merchandising. The  
business part of radio is going more  
and more into the hands of men who  
have had knowledge of electricity

deliver a potential that only varies  
slightly, due to the commutator ripple.  
In sections where direct current is  
used for house lighting, a motor gen-  
erator set is the only practical and  
satisfactory source of plate potential.  
Taking first cost, maintenance cost,  
convenience and space required into  
consideration, the best way to obtain  
the required current potential for the  
operation of vacuum tube transmit-  
ters, is by the use of a step-up trans-  
former and rectifying tubes.

A line of vacuum tube rectifiers is  
on the market under the name "ken-  
otrons." These tubes have been de-  
signed to have the proper operating  
characteristics to rectify alternating  
current for the line of transmitting  
tubes put on the market by the same  
company.

If radiotron transmitting tubes are  
used it is only necessary to build or  
purchase a transformer with a fil-  
ament heating winding and a plate cur-  
rent winding and by the use of ken-  
otrons for rectifiers. The entire power  
to operate the transmitting set can be  
taken from the alternating current  
house lighting circuit.

It is possible to use an electrolytic  
rectifier in order to rectify the plate  
potential after the 110 volt house  
lighting circuit has been stepped up  
by means of a transformer. Electro-  
lytic rectifiers are probably the cheap-  
est source of plate potential, but they  
are sloppy and demand a lot of care  
and attention.

To operate the standard five-watt  
transmitting tube, known as radio-  
tron type UV 202, a plate voltage  
of 350 is required and the plate cur-  
rent per tube is 45-100 of an ampere.  
The filament requires 2.35 amperes at  
7.5 volts. Rectifying tubes known as  
kenotron type UV 216 are made to  
be used in conjunction with the five-  
watt transmitting tubes. The recti-  
fier tubes are so designed that one re-  
ctifier will rectify sufficient current at  
the correct potential to operate one  
transmitting tube.

Figure "A" shows how a single  
transformer can be used to furnish  
all of the necessary plate and fil-  
ament current for a tube transmitter.

For those who do not wish to be  
bothered with the trouble and expense  
of rectifiers, there is a circuit known  
as the self-rectifying circuit that can  
be used for radio telegraphy. In  
using a self-rectifying circuit at least  
two tubes must be employed, if more  
power is desired tubes must be added  
in pairs. The tubes employed are di-  
vided into two groups operating on  
each half of the cycle.

Figure "B" is a diagram of a self-  
rectifying continuous wave radio tele-  
graph transmitter using five-watt radio-  
tron type UV 202 tubes. The amateur

and telephony. This, then, is the  
reason for stockpiling, not only of the  
contents of the show cases, but brain  
pans.

Many alert merchants are employ-  
ing themselves with diligence along  
these lines, because they realize more  
and more that from now on the trade  
will go to the dealers who can provide  
service vitalized by actual knowledge.  
When the vendor is thoroughly ground-  
ed in the art he need have no fear  
of summer doldrums nor of static of  
any kind, commercial or mental. The  
calling of radio merchandising is a foe  
to inertia in every form.

### SHORT FLASHES

The Pacific coast states claim  
more than 25,000 owners of re-  
ceiving sets. Some estimate the  
number at 50,000.

Dr. C. E. Jenkins, a Washing-  
ton inventor, who holds the  
Cresson gold medal for original-  
ity in the field of invention, is at  
work upon the transmission  
of moving pictures by radio.

What the country will soon  
need is a radio census taker.  
"Some of our kids," says a Fur  
Western columnist, "are pick-  
ing up messages from Japan."  
This should make any Easterner  
tune up.

Doctor Marconi says present-  
day radio sets will be junk in  
ten years. So will be a type-  
writer, an automobile and many  
other kinds of apparatus. The  
main thing is to look out for the  
sets that are junk when you buy  
them.

Union college, at Schenectady,  
N. Y., broadcast its commence-  
ment exercises, including the  
music of the graduation ball and  
baccalaureate sermon. The com-  
ments of the graduating class  
after the baccalaureate sermon,  
however, were omitted.

Radio enthusiasts of Cleve-  
land, O., must now pay a license  
fee of 50 cents, both for send-  
ing and receiving. The city  
council recently passed an ordi-  
nance requiring licensing and  
inspection of all radio stations,  
professional as well as amateur,  
in that city.

Stories are coming in from  
many directions of dogs which  
have become confirmed radio en-  
thusiasts. We should think the  
ideal dog would be a setter who  
carries his tail high for one pole  
of an antenna. We wonder how  
the cat's whiskers in the set af-  
fects the canine fad.

**Studebaker**

### Comparison Will Emphasize Its Value

The Studebaker Big-Six Sedan delivers everything you can  
ask of a motor car.

If you pay more than the Big-Six price, you may buy more  
weight, but it is impossible to get finer materials or better  
craftsmanship than are used by Studebaker.

Compare this Big-Six Sedan with the most expensive cars.  
Check the body with any body built, compare the chassis  
construction, look into the endurance records of the Big-Six  
as compared with any other car.

Get behind the wheel yourself. Test its performance, its  
comfort. Check its appearance with any car at any price. And  
don't overlook this point: Studebaker has more than 3,000  
branches and dealers throughout the country who are always  
ready to render efficient service.

And finally, compare the equipment and appointments.

Consider the Big-Six Sedan as an investment. There is no rea-  
son to pay more. The name Studebaker stands for satisfaction.

### EQUIPMENT

Nickel-plated radiator shell,  
motor and ornaments  
radiator cap.  
Automatic windshield wiper.  
Rear-view mirror.  
Exhaust heater.  
Handsome nickel-plated bump-  
ers, front and rear.  
Spacious trunk with cover.  
Two extra wheels (complete  
with tires and tubes) carried  
on front fenders.  
Ventilator in cowl.  
Thief-proof transmission lock.  
Upholstery of rich mohair vel-  
vet plush with top lining and  
floor carpets to match.  
Artistic coach lamps.  
Opalescent corner reading  
lights.  
Dome light and courtesy light.  
Three-piece rain-vision wind-  
shield with rain visor.  
Jeweled eight day clock.  
Arm rest on each side of rear  
seat.  
Large door pockets.

THIS IS A STUDEBAKER YEAR

MRS. HARDING UP FIRST  
TIME SINCE HER ILLNESS condition was good.

Washington, Oct. 12.—Mrs. Har-  
ding sat up today for the first time  
since she was taken seriously ill  
five weeks ago. Brigadier General  
Sawyer, the White House physician,  
said Mrs. Harding remained out of  
bed twelve minutes and that her  
condition was good.

When you buy gasoline, do you  
get what you pay for? We have a  
visible pump. You see what you  
pay for. Wallace, Taylor & Mor-  
rison, 39-41.

### Hall's Catarrh Medicine

Those who are in a "run down" con-  
dition will notice that Catarrh loth-  
ers them much more than when they are  
in good health. This fact proves that  
Catarrh is a local disease, it is greatly  
influenced by constitutional conditions.  
HALL'S CATARRH MEDICINE con-  
sists of an Ointment which quickly  
relieves by local application, and the  
Internal Medicine, a Tonic, which assists  
in improving the General Health.  
Sold by druggists for over 40 years.  
F. J. Cheney & Co., Toledo, Ohio.

## DEMOCRATIC TICKET

For Congress  
**BEN JOHNSON**  
Hartstown, Ky.

## OFFICIAL STATEMENT

Of the ownership, management,  
circulation etc., required by the act  
of Congress of August 24, 1912, of  
the Hartford Herald, published week-  
ly at Hartford, Ky., for first day of  
October, 1922.

State of Kentucky.)

County of Ohio.)

Before me, a Notary Public, in  
and for the state and county afore-  
said, personally appeared Lyman G.  
Barrett, who having been duly  
sworn according to law, deposes and  
says that he is the Business Man-  
ager of the Hartford Herald, and  
that the following is, to the best of  
his knowledge and belief, a true  
statement of the ownership, man-  
agement etc., of the aforesaid pub-  
lication for the date shown in the  
above caption, required by the act  
of August 24, 1922, embodied in  
section 447, Postal Laws and Regu-  
lations: to-wit:

1. That the names and addresses  
of the publisher, editor, managing  
editor, and business manager are:  
Publisher, Hartford Herald Pub.  
Co., (Incorporated,) Hartford, Ky.  
Editor, McDowell A. Fogle, Hart-  
ford, Ky.

Managing Editor, Lyman G. Bar-  
rett, Hartford, Ky.  
Business Manager, Same.

2. That the owners are: McDow-  
ell A. Fogle, Lyman G. Barrett,  
Hartford, Ky.; J. Walter Greep,  
Commerce, Tex.; W. H. Coombs,  
Louisville, Ky.; Luther Chinn, J. F.  
Caseholder and Ohio Dexter, Beaver  
Dam, Ky.

3. That the known bondholders,  
mortgagees, and other security hold-  
ers owning or holding 1 per cent, or  
more of total amount of bonds,  
mortgages, or other securities are:  
Citizens Bank, Bank of Hartford,  
and McDowell A. Fogle, Hartford,  
Ky.

4. That the two paragraphs next  
above, giving the names of the own-  
ers, stockholders and security hold-  
ers, if any, contain not only the list  
of stockholders and security holders  
as they appear upon the books of  
the company but also in cases where  
the stockholder or security holder  
appears upon the books of the com-  
pany as trustee or in any other fidu-  
ciary relation, the name of the  
person or corporation for whom  
such trustee is acting, is given, also  
that the said two paragraphs con-  
tain statements embracing affiant's  
full knowledge and belief as to the  
circumstances and conditions under  
which stockholders and security  
holders who do not appear upon the  
books of the company as trustees,  
bond stock and securities in a ca-  
pacity other than that of bona fide  
owners, and this affiant has no rea-  
son to believe that any other per-  
son, association, or corporation has  
any interest direct or indirect in  
the said stock, bonds or other securi-  
ties than as so stated by him.

**LYMAN G. BARRETT,**  
Sworn to and subscribed before  
me this 9th day of October 1922.  
R. R. RILEY, N. P. O. C.  
My commission expires January  
15th, 1926.

## HALLOWEEN PARTY

Be sure and make your plans to  
attend the Halloween party at the  
High School Auditorium, given by  
the Home Economics Class, Tues-  
day evening, Oct. 31, 7:30 to 10:00.

## MRS. MOLLIE O. TICHENOR HONORED ON BIRTHDAY

Mrs. Mollie O. Tichenor, who re-  
sides at the home of her son, Mr. L.  
B. Tichenor, and Mrs. Tichenor, of  
this city, was given a surprise last  
Friday, Oct. 20th., when a large  
number of her relatives and friends  
gathered for a reunion in honor of  
her 81st birthday anniversary. The  
day was spent most pleasantly.

The following were present: Mr.  
and Mrs. E. C. Baird, Shinkle Chap-  
el; Mrs. Oma Turner, and Mrs. H.  
T. Hollbrook, of Concord; Mrs. Plum-  
mer Bennett, Mrs. Eugene Allen and  
children, Martha Jean and Betty  
Walden, of Washington; Mr. and  
Mrs. Roscoe Baird and daughter,  
Mary Ethelene, of Clear Run; Mrs.  
Flora Stewart, of Bedn; Mr. G. V.  
Dehruler, of Central Grove; Mr. and  
Mrs. Andy Rowan and daughter,  
Violet, of Shinkle Chapel; Mr. James  
K. Shaver, of Livermore; Mr. Cly-  
ton Pozarh and niece, Mary Laura,  
Mr. John Marvin Bishop, Mr. and  
Mrs. Orville Bishop, of Centertown;  
Mr. Oscar Bishop, of Owensboro; Mr.  
Chester Bishop and daughter, Little  
Miss Ann Acton, of Winchester; Mrs.  
Leon Bishop, of Hartford; Mr. and  
Mrs. L. B. Tichenor and son, Erton D.

## TOBACCO ACTIVITIES

The organizers of the Dark Tobac-  
co Growers' Co-operative Association  
are showing much activity this week.  
Eighty-one per cent of the tobacco of  
the county was signed before the ex-  
tension of time and it is believed that  
by the closing hour Saturday night  
the percentage will be around ninety.  
Hon. Virgil Chapman, attor-  
ney for the Burley Association, spoke  
at Bells Run, Monday night, Magnn,  
Tuesday afternoon and Haynesville,  
Tuesday night. There will be a joint  
meeting of Ohio and Breckinridge  
County growers at Askins, at 1 p. m.  
Thursday. A prominent speaker will  
be present. There will be other  
speaking in the county within the  
week.

## CANDIDATES FILE FOR COUN- TY BOARD OF EDUCATION

Petitions asking that the names  
of Otis Stevens, Beaver Dam; Robert  
Goff, Itosine; Dudley Westerfield,  
Beda; and Will Langford, Selet, be  
placed on the ballot as candidates  
for the two vacancies on the County  
Board of Education were filed with  
County Clerk Guy Ranney Monday.  
The names of the nominees will ap-  
pear on the ballot at the November  
election in the order in which they  
are listed above. Mr. Stevens is now a  
member of the Board. The other  
three nominees are well known in  
their respective communities.

## ST. LOUIS HAY AND GRAIN MARKETS

Received Via Hartford High  
School Radiophone at 11:40 a. m.  
Tuesday.

**Grain**  
WHEAT—Dec. \$1.11½; May,  
\$1.11; July, \$1.02½.  
CORN—Dec., 66½c; May, 67½c;  
July, 67½c.

good improvements.

**Money**  
To loan on long time and easy pay-  
ments.

JNO. B. WILSON,  
43 41

## RABBIT PARTY

Misses Mildred Stevenson and  
Florence Nelson entertained Monday  
night, with a most delightful rabbit  
party. Those enjoying their hospitali-  
ty were Miss Margaret Cooke, of  
Vicksburg, Miss., and Messrs. Elijah  
Thomas, James Glenn and Parke  
Taylor, city.

The little son of Mr. and Mrs.  
Owen Lee and the little daughter of  
Mr. and Mrs. Herbert Midkiff, of this  
city, are recovering nicely from se-  
vere attacks of diphtheria. These  
cases were handled by Drs. A. B.  
Riley and E. B. Pendleton, who have  
had marked success in the treatment  
of this malady, the former having  
specialized in head and throat dis-  
eases and the latter having been ex-  
ceptionally successful in the use of  
the tube during a period of twenty  
years.

## SOCIALIST CAMOUFLAGE

Again has the Socialist Party  
"stolen the liver of Heaven to serve  
the devil in." Under a new name  
the same old gang who preach an-  
archy and Socialism in times of  
peace, treason and sedition in times  
of war, have entered the lists with  
aspirants for public office in four of  
our Kentucky Congressional dis-  
tricts. Their efforts will be futile  
this fall, but their true colors should  
be realized and their activities watch-  
ed so that they may not insert an  
insidious opening wedge for future  
efforts to fool the voters. Stripped  
of its "sheep's clothing" the Far-  
mer-Labor Party is the same old So-  
cialist Party. It does not represent  
the farmers at all and only a small,  
radical and irresponsible minority of  
labor. Read the following extracts  
from the official organ of the party:  
"Gems" From The Farmer-Labor  
Party Bulletin:

"Slavery and serfdom have been  
abolished. Pluracy is dead. The  
press-gang has vanished and thiev-  
ery is trying to hide itself. Our  
principal robbers do not club their  
victims on the highway but carry  
them in streetcars and railway trains,  
or capture their money politely with  
stocks and trusts."

"We have a government of the  
thieves, by the thieves. It might be  
stated thus—a Government of the  
corporations, by the corporations."

"Capital is stolen labor and its only  
function is to steal more labor."

"The invisible government of the  
United States maintains these two  
old parties (Republican and Demo-  
cratic) to confuse the voters with  
false issues."

"All candidates of the Farmer-La-  
bor Party are pledged to amnesty for  
all persons imprisoned because of  
their patriotic insistence upon their  
constitutional guarantees, industrial  
activities or religious beliefs; repeal  
of all so-called 'espionage,' 'sedition,'  
and 'criminal syndicalist' laws; pro-  
tection of the right of all workers to  
strike, and stripping from the courts  
of powers unlawfully usurped by  
them and used to defeat the people  
and foster big business, especially the  
power to issue anti-labor injunctions  
and to declare unconstitutional laws  
passed by Congress."

"Farmer Labor Party of Kentucky  
endorses and pledges its candidates  
to the Political Demands of the  
American Federation of Labor."

This rot these home-grown Bol-  
sheviks call '100 Per. Cent Ameri-  
canism.' Will the real patriots of  
this or any other district bear this  
insult?

## FEED YOUR RATS NUX VOMICA

No doubt every citizen of Hart-  
ford has observed the sign of rats in  
many places in town. It is thought  
by some that they are more numer-  
ous than common, caused no doubt,  
by their coming in out of the fields  
in search of food and shelter for the  
winter. If you could see the amount  
of food stuff destroyed by rats in  
Hartford in one year you would be  
alarmed! For one person alone to  
make war on them doesn't amount  
to much, but if every home and mill  
and shop in town would start a  
crusade it would result in a great  
saving of food besides getting rid of  
a continual nuisance. Now is the  
time to poison them while it is get-  
ting cool, they will make no order  
when they die. Rats won't eat every  
kind of poison, but they like powder  
of Nux Vomica. You can get it at  
the drug store for ten cents an  
ounce. Put it in corn meal dough  
or on bread and it is a sure killer.  
It is perfectly harmless to chickens  
or any thing with a gizzard, but a  
sure poison to animals. I am using  
it on roasting ears and it gets the  
rats. Why not everybody make a  
raid right now. Don't wait until  
Rat-Killing Day. Do it now and  
help to rid the town of rats. The  
only nx I have to grind here is to  
keep from being bothered with your  
rats after I have killed all mine.  
T. T. FRAJIER.

## INFANT DIES

John Clayton, son of Mr. and  
Mrs. Greenville Morgan, died near  
Sunnydale, Thursday, Oct. 19th, at  
the age of 7 days. The remains  
were conveyed to Patesville, the  
home of the parents, where funeral  
services were conducted at Concord  
Church by Rev. Henry Craig, of the  
United Brethren, and the body inter-  
red in the nearby cemetery.  
Those from Sunnydale, who at-  
tended the funeral and burial were  
Mrs. Jas. T. Davis, Miss Nettie  
Young and Mr. W. C. Young.  
The parents have the deepest  
sympathy of the entire community.

Mr. W. G. Bennett and daughter,  
Miss Esther left today for Florida  
where they will spend the winter.

# The FLORSHEIM SHOE

## DIPHTHERIA PROCLAMATION

(By State Board of Health)

Acting under the responsibility  
and authority imposed upon it by  
law, the State Board of Health of  
Kentucky hereby calls the attention  
of the fathers and mothers and  
school authorities in the State to  
the existence of diphtheria in epi-  
demic form in many sections of the  
State. Repeated warnings that this  
would occur have not been heeded.  
Parents are urged to promptly iso-  
late all children with sore throats  
until seen by their family physician;  
teachers are requested to send home  
from school all children having sore  
throats, with a note to the parents  
urging that they be immediately  
seen by their family physicians;  
physicians are requested to have on  
hand an adequate supply of antitoxin  
and to administer at least 10,000  
units to each case seen as soon as  
possible. Antitoxin may be secured  
at reduced wholesale prices from  
this Board or from the depots es-  
tablished in each county in the State.  
County Boards of Health are re-  
quested to arrange for an adequate  
supply of antitoxin for use with the  
indigent at the expense of each coun-  
ty.

Parents with children are urged  
to confer with their family phys-  
icians and have their children tested,  
and, if necessary, immunized against  
diphtheria so as to avoid this dan-  
ger. There were 652 children who  
died in 1921 with this disease. These  
deaths were wholly unnecessary and  
ought not to have occurred and  
would not if proper attention had  
been paid to the cases. The law re-  
quires that no child be released from  
quarantine until its throat has been  
found free from germs by a re-  
cognized laboratory. Most of these  
deaths were due to violation of this  
law and the courts of the State are  
requested to enforce it.

Given under our hands and the  
seal of the Board at Louisville this  
12th day of October, 1922.

L. L. McMURTRY, President.  
A. T. McCormack, Secretary.

**FOR SALE**—Famous Old City  
Restaurant, on Main St., Hartford,  
Ky., including building, fixtures and  
complete stock. Also my new bun-  
galow residence in the Rosedale

His colored valet in the greatest picture he ever produced

## "Reported Missing"

"This is a picture filled with more action and laughs than anything you ever saw. You have seen Charley Chaplin and Fatty Arbuckle but here's one that cops 'em all—absolutely 'Takes the Cake.'"

It is not often that we do but this time we are going to allow you to laugh out loud. Now you are soon going into Winter quarters and before you do you want your hide loosened up and every muscle and joint in your body exercised and this will sure do it.

The doors will be wide open to all the old folks—The white folks—The colored folks and their wives and the kiddies.

Come on down and bring a groch with you. We're going to have the time of our lives—everybody's coming.

Remember "laugh and be happy—weep and die."

Saturday, October 28

We will have the star without a failure

ELAINE HAMMERSTEIN

In what moving picture fans and critics say is her best picture.

## "EVIDENCE"

Miss Hammerstein always pleases and remember this is her best. Don't miss it. Also one of Doctor Larry Simon's two reel comedies which is worth the price of the whole show. You can see no better pictures any where than we will give you this week. Come early and get a good seat. Shows start promptly at 7:30. Admission to all 20c.

HARTFORD HERALD—ONLY \$1.50 THE YEAR

## RED CROSS PUTS UP \$9,739,872

Year's Budget Stresses Relief  
and Services at Home  
and Overseas.

### MILLIONS FOR VETERAN AID

Over \$3,000,000 Allotted to the  
Disabled—Foreign Work  
Lessens.

Washington.—Expenditures totaling \$9,739,872.47 for carrying through its program of services and relief during the fiscal year in the United States and overseas are authorized in the budget of the American Red Cross, effective July 1, 1922. This total is \$2,755,975 less than the expenditures for the last fiscal year, when disbursements reached \$12,495,847.93. It is announced at National Headquarters in a statement emphasizing the necessity of continued support of the organization by enrollment during the annual Roll Call, November 11-November 20 inclusive. This total for the budget is exclusive of the large financial operations of the 3,300 active Red Cross chapters, which, it is estimated, will more than double the total.

#### War Veterans Have First Call

First call on Red Cross funds is for the disabled ex-service men, of whom 27,197 were receiving treatment from the Government on June 1 last. This work for veterans and their families in a wide variety of service that the Government is not authorized to render and for which it has neither funds nor facilities has the call on \$1,036,632.90 during the current year, or about \$100,000 more than was expended last year for soldier service. Adding the funds disbursed in this humanitarian work of physical reconstruction following the World War by the chapters throughout the country will approximate a total for the current year approaching \$1,000,000. This work, in the opinion of the Surgeon General's office, will not reach its peak before 1923.

Through its chapters the American Red Cross is equipped to find the individual ex-service man, help him in his problems and difficulties, provide immediately for his necessities, and open the way for him to the Government compensation and aid to which he is entitled. The extension of this work to the families of such men proves to them that the Red Cross has lost none of its sympathy nor will to service manifested in wartime. Similarly the service goes out to the men still in the Army and Navy, 11,087 of whom were under treatment in Government hospitals on June 1, 1922.

#### Greater Domestic Program

This year—after five years of constructive effort during the war and after the armistice—brings with it a greater responsibility for domestic service to the American Red Cross. The budget for foreign operations, however, totals \$2,395,656, but of this amount \$1,834,000 is for medical relief and hospital supplies for Russia, which is a part of the gift made by the American Red Cross in 1921 to the Russian famine relief work of the American Relief Administration program. The child health service in Europe continues, moreover, and \$654,000 is appropriated for this work undertaken in 1920. Other items in the budget include \$200,000 to support the League of Red Cross Societies, \$22,000 for nurses' training schools instituted by the Red Cross abroad, and \$600,000 for liquidation of the general Red Cross foreign relief program.

#### Prepared for Emergencies

For disaster relief the Red Cross has set aside \$750,000, and for emergencies in chapter work \$500,000 to be available for domestic, insular and foreign demands. This is more than \$250,000 above last year's expenditures. For service and assistance to the 3,300 chapters and their branches \$1,233,000 is provided by the National organization.

Other budget items of importance in the domestic program include \$200,000 for assistance to other organizations and education institutions for training Red Cross nurses and workers; \$150,000 for Roll Call assistance furnished to chapters; \$100,000 for unforeseen contingencies.

Of the total budget less than \$500,000 is allotted for management in the National organization. No cash estimate, of course, is possible to weigh the value of the service by volunteers in the chapters.

### OFFICERS CHOSEN

BY KY. MASONS

Louisville, Ky., Oct. 18.—G. Allison Holland, of Lexington, was chosen grand junior warden of the grand lodge of Kentucky Masons at the annual election of officers today after a spirited contest in which he defeated six candidates.

Fred W. Hardwick, of Louisville, retiring grand master, was elected grand secretary, a post held by the late Dave Jackson, in whose memory a monument will be dedicated in Cave Hill cemetery Thursday.

John H. Leathers, of Louisville, was reelected grand treasurer for the forty-third time. Following the usual custom, other officers were elevated to higher posts. E. E. Nelson, of Williamsburg, becomes grand master; A. E. Orton, of Dawson Springs, deputy grand master, and H. M. Grundy, of Springfield, grand senior warden.

A proposal to amend the grand lodge's constitution to increase dues to all lodges from \$20 to \$30 was defeated.

The proposal to authorize the million dollar committee to raise an additional \$500,000 for that institution, will be voted on at the final session Thursday.

### WHEN GENERAL GRANT

DINED IN VICKSBURG

Extracts from The Vicksburg, Miss., Citizen, published in Vicksburg Miss., on Wall Paper on July 4th, 1863. By J. M. Sward, being the last issue of the paper.

"ON DIT—That the great Ulysses—the Yankee Generalissimo, sur-named Grant, has expressed his intention of dining in Vicksburg on Saturday next, and celebrating the 4th of July by a grand dinner and so forth. When asked if he would invite Gen. Joe Johnston to join, he said No for fear that there would be a row at the table. Ulysses must get into the City before he dines in it. The way to cook a rabbit is, 'first catch the rabbit,' etc."

NOTICE July 4th, 1863

Gen. Grant did eat his dinner in Vicksburg, and he did bring his dinner with him. He caught the rabbit. The Citizen lives to see it, and for the last time appears on Wall Paper. No more will it urge its brave Southern Soldiers to deeds of heroism while they dine off horse flesh and fried chicken.

The above are exact copies of items found in a copy of the Vicksburg Citizen dated July 4th, 1863. This old relic of Civil War Times, is now in possession of Mrs. S. O. Maple, of Rockport, Ky.

October 7th, 1922.

LYCURGUS T. REID,

Rockport, Ky.

### BOY, 16, DECORATED IN TWO YEARS, TO BE DEPORTED

New York, Oct. 18.—Awaiting deportation at Ellis Island is Josef Kopeznki, 16 years old, who arrived last week on the Savile. The boy has with him two war decorations, the Croix de Guerre and a Polish war cross, which he says he won in action abroad.

He says that in the World War he got possession of two revolvers and that while the troops were in action he crept up on two German soldiers, covered them with a revolver and brought the idea to his own lines. He was only 10 years old then, according to his story. For that adventure he was given the Croix de Guerre.

### VIRGINIAN INSURES NUPTIALS AGAINST RAIN FOR \$500

Danville, Va., Oct. 18.—Archibald Graveley, who tomorrow night is to be married to Miss Dorothy Holland, has insured his wedding against rain to the tune of \$500.

If it rains between the hours of 4 and 10 o'clock tomorrow he will collect the insurance, but if it fails to rain he will have to forfeit his premium of \$43.75.

The bridegroom-elect admits that he is hoping it will rain, explaining that \$500 will be useful on his honeymoon. He says further that he is taking a gambler's chance in weather and that he is impelled by no other motive than that.

Only sixteen years ago kerosene was the petroleum product in most demand and gasoline, which is now the chief commercial product of crude oil was difficult to dispose of.

The first oil well in the United States was drilled in 1859 and yielded about 25 barrels a day. The production of the country during August of this year was at the rate of 1,493,387 barrels a day.

### SURPRISE BIRTHDAY DINNER HELD AT MORGANTOWN

On Wednesday, Oct. 4th, the children and families of James Franklin Massey met at his home on the Oak Grove farm near Morgantown, and surprised him with a nice dinner, it being his 70th birthday. There was a large crowd of people present, including his five children, Mrs. H. B. Martin, Centertown, R. 1; Mrs. R. M. Pollock, Island; Roseoe, Jewell and Vivian, and all the grandchildren, there being 17 in all.

After we arrived, at about 11:30, we began spreading our dinner and opening our boxes filled with cakes, pies, pickles, preserves, loaves of bread, fruit, elder, all kinds of good meats including pork mutton, steak, and chicken and enjoyed the dinner heartily.

The invited guests were as follows: Mrs. A. R. Pollock, Island, Ky.; Mrs. Hurschal Nall, Island, Ky.; Mr. E. A. Carter, Arlie Bishop, Matanzas, Mr. and Mrs. Alfred James, Centertown.

After dinner, Geo. H. Dohbs, of Morgantown, motored out to the farm and photographed the entire crowd, there being 40 in all. In the late afternoon, we motored home, a distance of about 70 miles. All highly enjoyed the day and wish we could attend another such birthday dinner. Maybe we will come again next year.

### A PLEA FOR QUIET

Did you ever have the headache? Of course you have. Did you ever have a gimlet boring in your temple for two days and nights? Most of us have. Well, how would you like to have besides, a hammer strike you every second on that temple? Wouldn't like it? No, nobody would, but that's what every sufferer has to endure from the thump of modern progress.

When you retire at night, it's thump! thump! thump! and for an hour after, your brain says thump! thump! thump! At the gray dawn it's thump! thump! thump! and after breakfast, you try an hour's rest and it's thump! thump! thump! Progress is a benefit to humanity but let's have it, where possible, without noise. The Hartford Herald has set the example. We get our Herald just as promptly without that eternal thump! thump! thump! so let's have our clean clothes, our flour, our light and water, our papers, and yes, our coca-cola without that nerve-racking thump! thump! thump!

### LODGE IS BLAMED

FOR SMYRNA HORROR

New York, Oct. 15.—"Henry Cabot Lodge led the armies of Mustapha Kemal back into Europe by refusing to let former President Wilson accept a mandate for America over Armenia," Rabbi Stephen S. Wise declared today in his sermon at the Manhattan Free Synagogue in Carnegie Hall.

Dr. Wise prefaced his statements by saying that the preceding Sunday he had discussed "What Is the Matter With Europe?" and now he thought it fair to speak about "What Is the Matter With America?" because America was largely what was the matter with Europe. America is suffering from a sense of trivialities and a lack of high seriousness; America is intolerant; America is addicted to a passion for substitutes—these were some of the indictments that he returned.

"America was ready to send aid to Smyrna when it could have prevented the Smyrna disaster," he charged. He held Senator Lodge and his conferees in the Senate to blame for this situation. Lodge now wants the United States to intervene to save the Christians, he alleged.

Dr. Wise said that above all things America needed to be able to criticize itself.

America will not accept a substitute for a brand of tooth powder, Dr. Wise asserted, but they willingly accept every other sort of substitute. "America today is saying, 'I am well, I am better, I am perfectly lovely, every day.'"

### MAN ASSASSINATED

ON EVE OF TRIAL

Whitesburg, Ky., Oct. 18.—Enoch Polley, 35, was assassinated last night at Cornettsville, in Perry county, as he walked from his home, in Hazard, toward the L. & N. depot. It was learned here today. Polley was to have gone on trial in circuit court here today on a charge of having killed Mundy Caudill, near Cornettsville, several months ago.

### TOBACCO, CORN GAIN

IN KENTUCKY

Frankfort, Ky., Oct. 15.—With the growing season almost ended, except for very latest tobacco and a small amount of the late corn, Kentucky's crop conditions, October 1 indicated the production of a corn crop of about 84,578,000 bushels, compared to 82,150,000 bushels produced in 1921 and a five-year average crop, 1916 to 1920, inclusive of 97,152,000 bushels.

The State's tobacco crop of all types this season is estimated at 454,045,000 pounds, compared to last year's crop of 355,710,000 pounds and a five-year average (crop 1916 to 1920, of 467,000,000 pounds of tobacco of all types. The United States' entire tobacco crop of all types this season is estimated to be 1,355,156,000 pounds compared to last year's crop of 1,075,418,000 pounds and a five-year average (crop 1916 to 1920, inclusive, of 1,377,566,000 pounds.

Estimates of other important crops produced in Kentucky this year are given below, with comparisons with 1921 crops: Oats, 1,941,000 bushels, compared to 5,567,000 bushels in 1921; barley 168,500 bushels, compared to 144,000 bushels last year; Irish potatoes 5,642,000 bushels, compared to 3,770,000 bushels last year; sweet potatoes 1,865,000 bushels compared to 1,872,000 bushels last year; sorghum molasses 4,143,000 gallons, compared to 4,030,000 gallons last year; clover seed 42,000 bushels, compared to 34,000 bushels last year; apples 4,875,000 bushels, compared to 636,000 bushels last year, and pears 138,000 bushels, compared to 4,000 bushels last year.

All these estimates are subject to revision either downward or upward later in the season, depending on whether the yield is found to be greater or less than expected.

Condition of minor crops in Kentucky is reported as follows: Buckwheat 75 per cent, pasture 74, field peas 84, cabbage average yield per acre 2.5 tons, onion 98 bushels per acre; grapes, condition 47 per cent; sorghum for sirup, condition 83 per cent, average yield of sirup 86.3 gallons per acre.

The level of prices paid producers of the United States for the principal crops decreased about 2 per cent during September; in the past ten years the price level decreased about 4.5 per cent during September. On October 1 the index figure of prices was about 1.3 per cent lower than a year ago, 45.5 per cent lower than 2 years ago and 30.1 per cent lower than the average of the past ten years on October 1.

The prices of meat animals—hogs, cattle, sheep and chickens; to producers of the United States de-

creased 2.4 per cent from August 15 to September 15; in the past ten years prices decreased in like period, 1.2 per cent.

On September 15 the index figure of prices for these meat animals was about 8.1 per cent higher than a year ago, 37.1 per cent lower than 2 years ago, and 20.5 per cent lower than the average of the past ten years on September 15.

### BLACK PATCH PERCENTAGE

Below is given the counties in the Black Patch, the total number of acres of tobacco in each county (most of them accurate, a very few estimated,) the total number of acres pledged to the organization, and the per cent. of tobacco pledged in each county:

## MASTER COMMISSIONER'S SALE!

Ohio Circuit Court, Kentucky  
Donnie Taylor, et al., Plaintiff,  
vs.

Herman A. Taylor, et al., Defendant.

By virtue of a judgment and order of sale of the Ohio Circuit Court, rendered at the September Term, 1922, in the above cause for the sum of \$1000.00, subject to the following credits: \$95.00 paid to P. M. Taylor and \$70.00 paid to Donnie Taylor and \$80.00 paid to Ida McKinley and costs herein, and for the further purpose of dividing the proceeds, if any remaining, I will offer for sale by Public Auction at the Court House door in Hartford, on Monday, the 6th. day of November 1922, about one o'clock p. m., upon a credit of six and twelve months the following described property, to-wit:

First Tract.

"Bounded as follows: Beginning at a stake in the lane east of the house and a corner of the Dower lot; thence with the center of the lane and passage out of it and continuing same corner N. 82 E. 125 poles to a dogwood in the line of No. 2; thence with said line S. 8 1/2 E. 40 poles to an elm and back to Joe McKinley's line; thence with his line S. 85 W. 57 poles to a fallen hickory and black oak, McKinley's corner 2 1/2 poles from the Miller Mill road; thence with another of McKinley's lines S. 36 W. 36 poles to a stake; thence S. 83 W. 21 poles to a stake; thence S. 36 W. 10 poles to a large black oak, the beginning corner of my Deed from W. P. Carter; thence S. 82 W. 8 poles to a stake and dogwood corner of the Dower lot; thence with a line thereof N. 5 W. 76 poles to the beginning, containing 43 acres more or less."

Second Tract.  
"A certain tract of land lying in Ohio County, Kentucky, on the waters of Panther Creek and known as a part of the T. L. Taylor land and bounded as follows: Beginning at a stone on the W. side of the Miller's Mill road at the old lane 82 E. to a dogwood corner of No. 1 and in the line of No. 2; thence same course of No. 5; thence with line of No. 5, S. 82 W. back to the Miller's Mill road; thence with said road to the beginning."

The said two tracts of land constituted what is known as the home place of W. B. and Matilda Taylor.

The purchaser will be required to execute bond with approved security immediately after sale.  
This 13th. day of October 1922.  
B. H. ELLIS,  
Master Commissioner.

A. D. Kirk and Clarence Bartlett,  
Attorneys.

MASTER COMMISSIONER'S SALE!  
Ohio Circuit Court, Kentucky  
C. E. Crowder Plaintiff,  
vs.

C. H. Havens and Erma Crowder,  
Defendant.

By virtue of a judgment and order of sale of the Ohio Circuit Court, rendered at the September Term, 1922, in the above cause for the sum of \$380.50, with interest at the rate of 6 per cent. per annum from the first day of January, 1920, until paid and costs herein, I will offer for sale by Public Auction at the Court House door in Hartford, on Monday, the 6th. day of November 1922, about one o'clock p. m., upon a credit of six and twelve months the following described property, situated and located in Ohio County, Kentucky, bounded and described as follows:

56 acres of land near Rosine, and bounded on the North by the Rosine and Horse Branch public road; on the East by the lands of Spurgeon Foster; on the South by the lands of C. E. Crowder and on the West by the lands of Truman Taylor, and being same land conveyed to C. E. Crowder by Fred Hlatzo on the 1st. day of August, 1916, which deed is of record in the Ohio County Clerk's office in deed book 50, page 125 or sufficient thereof to produce the sums of money ordered to be made.

The purchaser will be required to execute bond with approved security immediately after sale.

This 13th. day of October 1922.

B. H. ELLIS,  
Master Commissioner.

Heavrin and Heavrin, Attorneys.

MASTER COMMISSIONER'S SALE!

Ohio Circuit Court, Kentucky

O. E. Scott, Adm. et al., Plaintiff,  
vs.

James Henry Robinson, et al., Defendant.

By virtue of a judgment and order of sale of the Ohio Circuit Court, rendered at the September Term, 1922, in the above cause, that the proceeds resulting from

sale, after the payments of the costs of this action, be divided among the several persons interested therein according to their respective interests. I will offer for sale by Public Auction at the Court House door in Hartford, on Monday, the 6th. day of November 1922, about 1 o'clock p. m., upon a credit of six and twelve months the following described property, to-wit:

"A certain tract or parcel of land lying in Ohio County, Kentucky and on the waters of Slaty creek and bounded as follows to-wit:

Beginning at three white Oaks in the old original Adair line; thence running N. 100 poles to a stake; thence W. 136 poles to a stone; thence N. 22 poles to a stone; thence W. 34 poles to a stone; thence S. 122 poles to a stone in the original line; thence E. 160 poles to the original line to the beginning, containing 105 acres more or less.

The following boundary is excepted.

Beginning at a stone on side of lane opposite his house; running thence N. 40 poles to a stone; thence W. 40 poles to a stone; thence E. 40 poles to a stone to the beginning; containing 10 acres more or less.

The purchaser will be required to execute bond with approved security immediately after sale.

This 13th. day of October 1922.

B. H. ELLIS,  
Master Commissioner.

A. D. Kirk and Clarence Bartlett,  
Attorneys.

MASTER COMMISSIONER'S SALE!

Ohio Circuit Court, Kentucky

Mrs. Ella Dever, Plaintiff,  
vs.

Ex Parte, Defendant.

By virtue of a judgment and order of sale of the Ohio Circuit Court, rendered at the September Term, 1922, in the above cause for the purpose of dividing the proceeds among the joint owners as their interests may appear, after the payment of the cost in this action, including a reasonable attorney's fee, I will offer for sale by Public Auction at the Court House door in Hartford, on Monday, the 6th. day of November 1922, about 1 o'clock p. m., upon a credit of six months the following described property, to-wit:

"A certain lot or parcel of land together with all the improvements thereon, situated in the southern part of the town of Beaver Dam, Ohio County, Kentucky and bounded and described as follows, viz:

Beginning on the west side of the Hartford and Bowling Green road, now Main street, at its intersection with South 3rd. street; thence with said South 3rd. street in a westerly course two hundred and ten feet to a stone; thence in a Northernly course ninety six feet to a stone; thence in an Easterly course, immediately through the center of a bored well, two hundred and ten feet to the Hartford and Bowling Green road, now Main street; thence in a Southernly course with said main street, one hundred and five feet to the beginning. Being the same conveyed by R. W. Blankenship to E. P. Cooper as shown by D. B. 21, page 390, and by said E. P. Cooper and wife to K. V. Williams, as shown by Deed Book 31, page 179, Ohio County Court Clerk's office, and from K. V. Williams to H. L. Leach. See deed of conveyance of record in Deed Book No. 31, page 446, Ohio County Court Clerk's office."

The purchaser will be required to execute bond with approved security immediately after sale.

This 13th. day of October 1922.

B. H. ELLIS,  
Master Commissioner.

Barnes & Smith, Attorneys.

HARDING TO CONVENE

CONGRESS ON NOV. 20

Washington, Oct. 12.—Congress is to be convened in extraordinary session on November 20, President Harding will issue the call immediately after election.

He means to drive the ship subsidy bill through, and while the House is wrestling with that the Senate will be expected to put over the anti-lynching bill.

The chief purpose of the President in bringing the Senate and House together before the regular date for the winter session is to avoid a similar extraordinary gathering after the next Fourth of March.

Mr. Harding is determined to obviate all necessity for a spring or summer meeting of Congress next year. He desires that the people and the national legislature have a good, long rest. He seeks one himself and looks forward to visiting Alaska and possibly the Hawaiian Islands.

Direct from the leading manufacturers—a selection embodying the newest styles in favored materials.

Choose Now—while collections are most complete.

Not often in a season will you find such advantageous prices.

We Invite You to come in and see for yourself.

## U. S. TROOPS MAY

## LEAVE RHINE SOON

Washington, Oct. 14.—There were intimations today in Government circles that a project for complete withdrawal of American troops from the Rhine was again under consideration; but that no decision was expected for several days. No authorized statement as to the reasons prompting renewed discussion of the subject at this time was available, nor would any responsible official forecast what course would be adopted.

Ambassador Houghton at Berlin has asked American Ministers to the various central European powers to meet in conference in Berlin a week and had invited Major General Allen, commanding the American forces in Germany to be present. The announced purpose of the conference is to permit William R. Castle, Jr., chief of the Western European Division of the State Department, to get in touch with the Ministers and jointly discuss problems of American relations, but it appears possible that the question of withdrawal from the Rhine may also be considered.

The United States now has about 1,000 officers and men in the occupied area.

## MUEHLBERG TO VOTE

## ON ROAD BOND ISSUE

Greenville, Ky., Oct. 14.—Muehlberg County will vote on a proposed road bond issue of \$500,000 election day. Andrew Duncan, Dr. L. P. Moore, R. L. Bennett and Clarence Fortney were named a commission by the Fiscal Court to expend the money should the issue be voted and to designate the roads to be built.

Three State projects are to be given \$316,000 and the remainder used in building a road from Greenville to the Christian County line and from Greenville to the Todd County line. One State project is to Butler County at Rochester and the other extends from Central City to Logan and Ohio Counties.

BRITISH DEBT CASH PAID MONDAY

New York, Oct. 15.—The British Government will make the first payment of interest on its American war loans to the United States Government tomorrow when checks and Treasury certificates totaling \$50,000,000 will be paid to the Federal Reserve Bank here for the Federal account of the Treasurer of the United States by J. P. Morgan Company, acting as agents of the British Government.

The British war loans of approximately \$4,500,000,000 have been for some time the center of discussion regarding the payment to this country by its war allies of war loans of more than \$11,000,000,000.

According to unofficial advices from London, Great Britain has promised full payment.

LOUISVILLE NOW 27TH. ACCORDING TO POPULATION

Washington, Oct. 12.—Louisville's official population is 256,877, instead of 254,891, officials of the Census Bureau announced today, and the Kentucky metropolis is the twenty-seventh largest city in the nation.

## HARDING SENDS LETTER

## TO CANDIDATES

Washington, Oct. 16.—President Harding has entered the campaign in behalf of the Republican Congressional candidates by writing a letter to Representative Mondell, party floor chief, in which he lauds the "achievements" of the two Congresses of his administration.

Democratic leaders regard the letter as an appeal for election of a Republican Congress. They regard the direct appeal that President Wilson made for election of a Democratic Congress in the 1918 election, and the sharp criticism of the President's course by Republican leaders.

What the President is disturbed by the possibility of a Democratic House has been remarked by national Democratic leaders.

## SHIPPING BOARD

## BOATS STAY DRY

Washington, Oct. 13.—Shipping Board vessels will remain dry regardless of the outcome of the injunction proceedings brought in New York on behalf of the American privately owned ships, it was announced today by Chairman Lasker.

President Harding holds, the chairman said, that Government-owned vessels are American territory and under Attorney General Daugherty's ruling come under the terms of the Volstead act, regardless of whether the American private ships succeed in remaining wet.

## LOCAL DASHES

Mrs. Matilda, Thinsley, who had been quite ill at her home on Walnut Street as a result of a fall and attendant complications, is greatly improved. Her many friends wish for her a speedy and complete restoration to health.

Mrs. Clarence Moore, and Misses Anna B. and Marie Her, of Owensboro, have been guests of their grandfather, Mr. W. G. Bennett, and aunt, Miss Esther, the past few days. Miss Anna B. is at present the guest of her uncle, Mr. E. P. Bennett, of Washington vicinity.

IF YOU HAVEN'T POOLED YOUR TOBACCO WITH THE CO-OPERATIVE, DO IT NOW. THIS WEEK IS YOUR LAST CHANCE. FARMERS IN THE POOL ARE COMING INTO THEIR OWN THIS YEAR. GIVE YOURSELF A FAIR DEAL AND JOIN BEFORE IT IS TOO LATE.

Rev. Russell Walker, pastor of the local Baptist Church, is assisting Rev. Jno. A. Bennett in a series of meetings at Buck Creek Church, Meigs County, this week. The pulpit here will be supplied Sunday morning and night by Rev. Edgar Maddox, of Meigs County. The public is cordially invited.

## 2 BURNED IN MINE WHERE 3 BOYS WERE KILLED

Madisonville, Ky., Oct. 19.—Two electricians, C. P. Thiford and Charles, were burned by an explosion in the North Diamond mine of the St. Bernard Mining Company at Burlington Wednesday, the explosion occurring at the spot where William E. Harris, 13 years old; Talmer Nelson, 12, and Zlayard Hammons, 11, were killed September 10, when gas exploded.

The two men succeeded in crawling to the main entrance and from that point went to the bottom of the shaft and were hoisted to the surface.

## ROCKPORT P. T. A.

The P. T. A. of Rockport, in its last meeting, drew up the plan of dividing the association into four groups with a captain for each group. Those groups are to use the methods that seem best to them to raise funds. Mrs. Roy H. Foreman was appointed captain of the first group, which decided to give an oyster supper. The supper was given Saturday October 14th, and was a great success, fifty-seven dollars and eighty-five cents being realized by the organization.

Look for the next account of the P. T. A. and give it your hearty support.

## JANANJAN NIYOGI AT BAPTIST CHURCH

Jananjan Niyogi, of Calcutta, India, a social and temperance lecturer and organizer, spoke at the Hartford Baptist Church last Wednesday evening to a packed house. His subject was "India Cursed by Strong Drink." He handled his subject well and made an excellent impression on his audience. Rev. George W. Morrow, D. D., of Detroit, Mich., also delivered a short address which was well received.

The handsome silk American flag offered by the Anti-Saloon League to the room of the local school bringing the largest number of persons to hear the Hindoo, was won by Mrs. S. O. Keown's room, the 7th and 8th grades, which reported 79 attendants.

## ROAD MEETING POSTPONED

The meeting in behalf of good roads, scheduled to be held at the Court House Monday afternoon was postponed. Another meeting of the Good Roads Association will be held at an early date to take further action on the question of the submission of the bond issue to the voters. Petitions are being circulated in various parts of the county.

## SPECIAL SESSION OF CIRCUIT COURT

Judge George S. Wilson, of Owensboro, will convene a special session of the Ohio Circuit Court next Monday morning for the purpose of disposing of several cases which were not ready for trial at the last regular term. There will be no jury trials, only equity matters being taken up. The session will not likely last more than three days.

## HIGH SCHOOL CIRCUS PROVES HUGE SUCCESS

The Great Combined Circuses and Wild West Show appeared at the Ohio County Fair Grounds Saturday afternoon as per schedule. This novel form of entertainment, —at least for this section,—was staged by the pupils of the Hartford Graded and High School, directed by the teachers and under the auspices of the local Parent-Teacher Association. The festivities began at one o'clock with a parade, beginning at the school building and traversing the principal business streets. The circus proper was then put on at the Fair Grounds; it consisted of youthful renditions of most of the chief features of a typical circus, with pagents, clowns, strong-men, snake-charmers, fire-eaters, Indians, cowboys, minstrel shows, et cetera. Music was furnished by a brass band from Centertown. The entire program was greatly enjoyed by the flatteringly large crowd present. The proceeds will be used for the benefit of the school. The active control of this enterprise was entrusted to Prof. W. P. Rhoads. He was most loyally and efficiently assisted by the other teachers, members of the P. T. A., other patrons and, above all, the pupils themselves. Each one connected with this school gala day is to be congratulated.

## REV. J. P. CARDEN GIVEN BIRTHDAY SURPRISE

The sons and daughters with their families and a number of other friends of Rev. J. P. Carden of Narrows, R. F. D. No. 1, gave him and his wife a very agreeable surprise, Sunday, Oct. 15th, that being his 76th birthday. Without his previous knowledge the folks gathered from the various communities in the morning bringing with them a beautiful supply of delicious viands. After enjoying the dinner those present spent a most pleasant afternoon together. The honoree and his estimable wife spent one of the most pleasant days of their lives.

Among those present were the following: Messrs. C. B. John and Otto Carden and their families, of Hartford; Mr. Herbert Carden and family, of Haynesville; Mr. Vascoe Carden and family, of Owensboro; Mr. and Mrs. A. B. Grant and family, of Pattiesville; James Richard Fiqua, of Hartford; Mr. and Mrs. Oscar Petty and little son, Glenn, of Narrows, R. 1, and Mr. Clark, of Glen Dean.

## AUTO ACCIDENT NEAR RIVERSIDE PARK

Rev. and Mrs. W. C. Wade, of Meigs County, had a narrow escape from death Sunday afternoon about 2:30 o'clock when the buggy in which they were returning home from Hartford was struck from behind by a speeding Ford touring car on the Hartford and Centertown pike a short distance west of Riverside Park. Rev. Wade was in the act of turning out, but the car did not turn out sufficiently to avoid a collision. The buggy was thrown over into a ditch at the side of the levee and one wheel torn off. Mrs. Wade received a painful cut on the scalp, but was able to be taken to her home. It is not thought that the injury will prove serious. The car belonged to young Richard Ford, son of Joe Ford, of near this city, but was driven by a young woman whose name we could not learn. We understand that there was another man and his female companion in the car in addition to the driver and young Ford.

## BEAVER DAM WINS

Beaver Dam defeated the Owensboro All-Stars Sunday afternoon by a 2-1 score at the Beaver Dam Park. A large and enthusiastic crowd was in attendance. The pitching of Glendon Stevens for the home boys featured the game. He struck out eleven men and only allowed three hits. Glenn for Owensboro struck out seven men and allowed five hits. The score was 1 and 1 until the ninth when the Beavers scored on a forced run.

## NOTICE

All persons having claims against the estate of Charles Peters, deceased, are hereby notified to present same to the undersigned administrator, properly verified, on or before December 1st, 1922. Any one failing to present claim by that time will be barred from the collection of same.

This October 7th, 1922.
